SGL Carbon SE announces launch of EUR denominated Senior Secured Notes offering

SGL Carbon SE announces today that it intends to launch an offering of EUR 250 million aggregate principal amount of Senior Secured Notes due 2024 (the “Notes”). SGL Carbon plans to use the proceeds, together with cash on hand, to prefund its existing convertible bonds due 2020 (the “2020 Convertible Bonds”), to repay in full the existing SGL ACF loan related to the BMW Joint Venture and to pay related costs and expenses. In connection with the prefunding of the 2020 Convertible Bonds, SGL Carbon intends to deposit a portion of the proceeds from the offering of the Notes, representing the aggregate amount of principal and interest that will be due under the 2020 Convertible Bonds until their maturity, into an escrow account that will be pledged for the benefit of the holders of the 2020 Convertible Bonds. The offering is expected to commence today.
