

## Press Release

Wiesbaden, October 15, 2020

### **Thomas Dippold becomes member of the Board of Management of SGL Carbon SE already effective October 15, 2020**

As reported on August 17, 2020, the Supervisory Board of SGL Carbon SE had appointed Thomas Dippold (48) to CFO and member of the Board of Management of SGL Carbon SE effective December 1, 2020. Fortunately, Mr. Dippold is able to assume office of his mandate as member of the Board of Management of SGL Carbon SE earlier, so that the Supervisory Board of the company has brought forward the appointment to October 15, 2020, also to prepare for the planned assumption of the CFO position.

As previously reported, and effective December 1, 2020, Mr. Dippold is succeeding the long-standing CFO Dr. Michael Majerus, who is resigning from his office effective November 30, 2020 by mutual amicable consent.

As planned, Dr. Stephan Bühler resigned from his office as member of the Board of Management effective October 15, 2020.

## About SGL Carbon

SGL Carbon is a technology-based company and world leader in the development and production of carbon-based solutions. Its high-quality materials and products made from specialty graphite and composites are used in industrial sectors that determine the future: automotive, aerospace, solar and wind energy, semiconductor and LEDs as well as in the production of lithium-ion batteries, fuel cell and other energy storage systems. In addition, SGL Carbon develops solutions for chemical and industrial applications.

**In 2019, SGL Carbon SE generated sales of around 1.1 billion euros. The company has approx. 5,100 employees at 31 locations in Europe, North America, and Asia.**

Materials, products and solutions from SGL Carbon are embedded in the major topics of the future: sustainable mobility, new energies and cross-industry digitization. Further developments in these areas demand more intelligent, more efficient, networked and sustainable solutions. This is where the entrepreneurial vision of SGL Carbon evolves around: contributing to a smarter world.

Further information on SGL Carbon can be found at [www.sglcarbon.com/press](http://www.sglcarbon.com/press).

### Important note:

To the extent that our press release contains forward-looking statements, the latter are based on information that is available at present and on our current forecasts and assumptions. Forward-looking statements, by their very nature, entail known as well as unknown risks and uncertainties that may lead to actual developments and events differing substantially from the forward-looking assessments. Forward-looking statements must not be understood to be guarantees. Instead, future developments and events depend on a large number of factors; they comprise various risks and imponderables and are based on assumptions that may possibly turn out not to be appropriate. These include unforeseeable changes to fundamental political, economic, legal and societal conditions, particularly in the context of our main customers' industries, the competitive situation, interest and exchange rate trends, technological developments as well as other risks and uncertainties. We perceive additional risks e.g. in pricing developments, unforeseeable events in the environment of companies acquired and Group member companies as well as in current cost savings programs from time to time. The SGL Carbon assumes no obligation and does not intend to adjust or otherwise update these forward-looking statements either.
